When we were kids, food was free all day
Didn't know mama and daddy had to pay
We just filled our plates and ate away

Free food, let it be, dude, free food!
Free food, let it be, dude, free food!
Free food, let it be. Hey Jude!
May you and all have free food!

Now its
Meat free, egg free, dairy free out there
Gluten free and sugar free everywhere
We're sussed. It surely must be we can share

Free food, let it be, dude, free food!
Free food, let it be, dude, free food!
Free food, let it be. Hey Jude!
May you and all have free food!

For Africa, for Timor and Bengal
For war zones & for poor homes. Why do we stall?
We've grown enough for years to feed them all
So ...

Free food, let it be, dude, free food!
Free food, let it be, dude, free food!
Free food, let it be. Hey Jude!
May you and all have free food!
